Primary Neurofeedback and Biofeedback Training

Neurofeedback	Appointments generally range from 30-45 minutes (includes discussions, training, setup/cleanup).	Initial session (includes in-depth consultation and 1 training session) \$175 Regular Session \$115
Cellcom by Lenyo BioRegulation body biofeedback sessions	Beneficial for chronic pain, panic attacks, developmental issues, immune system issues, inflammation, digestive issues and more. Helps individuals “reset” their nervous system. Improves cell-to-cell communication. Can also be paired with a guided visualization session with Carolyn Cohen.	Initial Session \$175 Additional sessions \$125 Optional guided therapy add \$50

Brain Mapping

qEEG brain map	Identifies patterns that correlate with and/or contribute to symptoms related to learning disabilities, processing issues, concussions, ADHD, emotional/mood issues, anxiety, racing mind, difficulty quieting, developmental issues and self-soothing . Includes neurofeedback protocol recommendations that more accurately target the issue, often resulting in accelerated training success.	Initial map \$695 Optional follow-up map \$595 Optional written summary \$100
Auditory, visual and sensory processing map	Sometimes used in addition to the qEEG brain map when visual or auditory processing issues are suspected, to guide more targeted neurofeedback training.	\$300

Enhanced/Alternative Neurofeedback and Biofeedback

LENS neurofeedback session + LuxPro	LENS (low energy neurofeedback), combined with Luxpro PEMF (pulsed electromagnetic field) therapy, helps the brain reorganize, improves maladaptive patterns for better self-regulation and enhances cell-to-cell communication.	\$115 (Up to 30 minutes)
Alpha theta neurofeedback	Helps with sleep, letting go of past emotional blocks, getting off alcohol and quieting the mind. Enhances creativity, self-esteem and peak performance. Sometimes called the “doorway to the subconscious.”	\$115 (up to 45 minutes)
